ORIGIN 27

WHERE FOUNDERS BEGIN.

Every company has an origin. ORIGIN 27 brings the people who have built companies together with the young founders building theirs, for one day in London: honest stories, practical lessons, good food, and the introductions that change what happens next.

THE SUMMIT

ORIGIN 27: THE LONDON FOUNDERS SUMMIT.

London, 2027. The venue and date are to be announced. No VIP area. No velvet rope. Everyone holds the same pass, because the best conversation of the day can start with anyone.

Founders first	Everyone is equal	Real stories
Young founders get the stage, the floor and the room, alongside people who have already done it.	One pass for everyone. No VIP area, no separate entrance, no tiers of guest.	Talks about the journey: the first customers, the near misses, the lessons. Never a sales pitch.

Who it is for.

- Young founders, students and anyone starting something
- Founders running their own companies, at any stage
- Operators, investors and mentors who want to help the next ones

THE DAY

FOUR PARTS TO THE DAY.

01

The main stage

Founders tell the story of how they built their companies: the first customers, the hires, the money, the mistakes and what they would do differently. Short talks, then questions from the floor.

02

The Founders' Floor

Young founders run tables showing their companies. Walk the floor, try the products, hear the story and meet the people behind them.

03

Conversations

Between talks, the room is the point. Meet founders, operators, investors and mentors who have been where you are going, and the people about to start.

04

Food

Independent chefs and kitchens chosen for the day, cooking through the afternoon, so the conversations keep going over something good to eat.

Passes.

PASS	PRICE	WHAT IT INCLUDES
Founder pass	£34.99	The whole day: every talk, the Founders' Floor and every conversation.
Young founder pass	£29.99	The same day, for founders and students aged 30 and under.
